

# SAMMONS STYLE UPRIGHTS

**NOW IN STOCK!**

**Beams adjustable every 4"**

**5" x 8" x 3/8" seismic base plates**

## **SAMMONS STYLE UPRIGHTS**

Our heavy duty Sammons Style Uprights are designed to be interchangeable with existing Sammons pallet rack systems and beams. These heavy duty uprights feature 14 gauge construction, 3.25" x 3" columns and 5" x 8" seismic base plates. Uprights have a support capacity of 24,100 lbs based upon 36" maximum shelf spacing. Uprights utilize a bolt-together design that provides a lower cost of ownership because components can be easily replaced when damaged during use. Beams can be adjusted every 4". Uprights are available either assembled or unassembled. All components are finished in a durable powder coated paint. Paint color: Gray.
