To Whom It May Concern,

The Bureau of Reclamation contracted with Salt City Records to deliver a new Remstar Mediastation Vertical Carousel to our new office in April of 2003. They were also contracted to move one of our existing Lateral Carriers. I found Salt City Records to be professional and on time with their delivery and installation of both carriers. They timed the delivery of the carriers to the completion date of our building. We experienced some technical problems with the new carrier after it was installed and they sent their technician up to correct the problem. We also had some minor mechanical problems with our old carrier that they also corrected.

We would not hesitate to do business with Salt City Records again. We found Dustin Walker, to be responsive to our questions and a professional at every level.
