Gentlemen:

In the summer of 2001, we had a revamping of our vault system which houses all of the criminal, civil, and probate records for Tooele County. Due to limited space for these records, we needed a shelving system to accommodate us now and allow plenty of space for growth over the next several years.

We have been using the system now for about six months and are happy to report that it has been a wonderful addition to our office. It is easy to operate and keeps our filing area neat and organized, and most importantly, provides us with unlimited space for growth at this time. We are completely satisfied with your product.

We also appreciated, at the time of installation, the courteous and professional manner in which the installers conducted themselves.

Thanks again for your service to us here at the District Court in Tooele.

Sincerely,

Julie Kroff
Assistant Clerk of Court
